

MEETING MINUTES - Group 8

Date of Meeting: <17/08/2021>

Location: Zoom

Chair: Tianlei Qi

Minutes Prepared By: Tianlei Qi

1. Purpose of Meeting

1. Discuss with group about the project progress. Each team member should report the current progress.
2. Update Gantt Chart with new milestones

2. Attendance at Meeting

Fan Zhang -a1738078

Siqi Sun -a1752383

David Wu- a1737845

Tianlei Qi -a1702131

3. Meeting Agenda

1. David and Siqi have read through the Deep Domain Adaptation for Vulnerable Code Function Identification paper. David and Siqi both have a well understanding of the concepts. Next step, David and Siqi are planning to reproduce the code based on the paper.
2. Fan and Tianlei have fixed the model saving issue in the last sprint. For the Next step, Fan and Tianlei will continue to run the Dual-DDAN method to produce a similar result with the paper's result.
3. According to the Client's requirement, the code should add a time recording function to record the execution time.

4. Meeting Notes, Decisions, Issues

1. Cancel the Thursday meeting before two weeks client meeting. Merge the meeting into Tuesday group meeting to prepare the slides and rehearsal for the client meeting.

5. Action Items

Action	Assigned to	Due Date	Status
