## Agenda content

### 1. Progress presentation (**first 30 mins**)

Part 1: Project Scope Presentation

Part 2: Paper Replication Progress and Result

2. Get feedbacks about the current progress and ask question about the current stage of work. Verify our approaches and clarify the goal of next stage (**the rest 15 mins**)

Description:

From the feedbacks of last client meetings, we have clear goals of current stage:

1. Clarify the Project Scope and confirm with client.
2. Successful replicate all the methods mentioned in one paper. Based on the paper description, reproduce the experiment and verify the result with paper result. Also, validate the credibility with other datasets.
