

## **Weekly Report** —*Friday, 7th May 2021*

Student Name: Siqi Sun

Student ID: a1752383

- What I have done
  1. Wrote meeting minutes and recorded what we have done in the last iteration.
  2. Understand the code process and generate the output with teammates.
- What I plan to do
  1. Scope improvement: scope identification should be narrowed down, searched and elicit replaceable papers.
  2. Modify and manage Github wiki page documentation.
  3. Write meeting agenda and slides for client meeting.
- the Issue I've encountered
  1. Don't know how to properly use the source code, need to analysis more about that.
